Applied AI | AI Evaluation and Deployment | Healthcare and Medicare

Chicago, IL | cam.carp14@gmail.com | (608) 239-5304 | camcarp.com/work | linkedin.com/in/cameroncarpenter1

SUMMARY

Applied AI builder who designs, evaluates and deploys LLM workflows on real conversation data. Built production Claude skills that qualify ~1,000 calls a week, backed by golden datasets, LLM-as-judge scoring and human review, and rolled them out to 5 analysts across 10+ accounts. Day-to-day client lead with deep Medicare payer context and $75M+ in media managed since 2023.

EXPERIENCE

Ovative Group | Senior Analyst, Search Engine Marketing Chicago, IL | Jun 2023 – Present

- Built Claude skills that qualify ~1,000 inbound calls a week, tie qualified calls to the campaigns that drove them and draft client-ready insights, cutting each run from 45 minutes to 5, inside a locked-down stack using MCP connectors and call exports.
- Built the evaluation layer behind them: golden datasets, rubrics and LLM-as-judge scoring that test every version before client delivery, with human approval on any agent that takes action.
- Led the rollout of AI automations for reporting, pacing and forecasting to 5 analysts across 10+ accounts, saving 300+ hours a quarter; built a visual workflow builder that cut skill build time from hours to ~30 minutes.
- Drove a 175% YoY enrollment increase for a national Medicare marketplace during the Annual Enrollment Period (AEP) and built the full AEP forecast and budget plan; results earned $5M in incremental investment, bringing AEP spend to $35M.
- Designed Value-Based Bidding around call-quality signals to move healthcare programs to qualified outcomes, while keeping AEP campaigns compliant with CMS-approved copy.
- Channel lead and day-to-day client contact for nine accounts, including seven healthcare business units under a Fortune 5 payer, presenting weekly to 12+ client stakeholders; led discovery for new accounts, handled objections with data-backed rebuttals and pitched incremental budget to decision-makers.
- Ran experiments and piloted Google beta features, working directly with Google, Microsoft and Invoca reps; partnered with data, SEO and client teams on tracking implementation, catching site, tracking and budget issues before they reached clients.
- Reversed declining efficiency on a national retail brand, cutting spend 13% while growing revenue 5% and ROAS 20%, then led its migration off SA360 without disruption.
- Coach two analysts, ran a 13-week intern curriculum that earned a return offer, and wrote team guides on analyses and reporting.

Zero To Secure | Founder Chicago, IL | Jul 2025 – Present

- Founded and run a bootstrapped DTC brand solo, owning Shopify development, SEO content and go-to-market, with AI agents for organic growth and creator outreach behind a human approval step.

AbbVie | Strategic Initiatives Analyst North Chicago, IL | Mar 2022 – May 2023

- Supported the $63B AbbVie-Allergan integration, resolving cross-functional bottlenecks and building reporting tools that gave leadership visibility into workstream status and risk.

EDUCATION

University of Wisconsin-Madison | BBA, Marketing and Risk Management & Insurance May 2023

SKILLS

- **AI and Evaluation:** Claude (Enterprise, Code), Agent Skills, MCP, Evals (Golden Datasets, LLM-as-Judge, Calibration), Human-in-the-Loop Design
